MEMORANDUM FOR COLONEL TERHUNE CHD

SUBJECT: PR-58-BMD-319 for Destruct Receiver

1. Reference is made to your memorandum to me on 3 March, Subject: "Request for Approval -PR-58-BMD-319." The PR as now written is based upon a total valid requirement for 558 ARW-62 receivers which are planned for use at AFMTC for Titan and Thor programs and at Cooke Air Force Base for Jupiter, Thor, Titan, Atlas and 117L Programs. The total procurement covers a period of three years which includes the remainder of CY 58, all of CY's 59 and 60 and the first half of CY 61.

2. The present PR covers funding for this program for FY 58 only. I agree with you that there is a chance that new developments in receivers and changes in launching schedules may modify our total requirements. Therefore, I am instructing my people to modify the Work Statement in order to assure that the initial contract will be let for only the first 278 receivers which will fulfill our requirements through CY 59.

3. When you receive the PR again from Colonel Hughes, it will call for the reduced number of items. In signing this PR with the attached Work Statement, it will authorize BMD to let a contract for 278 items with only the fiscal 58 monies indicated in the PR in accordance with incremental funding procedures.

FREDERICK S. PORTER, JR.
Lt Colonel, USAF
Chief, Test Office
